Dear Sir,

From the house of G^a-New Generation Innovative FabricsG^a- we are Textiles Sourcing Pakistan-+ and we deal in the manufacturing and export of the eco-friendly, convenient and performance fabrics and made-ups. We operate our own production facility in fabric development and finished products sewing at Faisalabad G^a(Pakistan.

Our range of products includes New Generation Fabrics that are made of super micro-fibers 100% Polyester, Viscose, Air-Max (Pi-Ray), Thermolite, Modal, loycell, and Bamboo , Organic Cotton. These innovative performance fabrics can be converted into apparels, sheeting, and hospitality textiles including sheets, aprons, table cloths and Towel
