Company History

The AK FIBERGLASS was formed in January, 2000 with the main objective of

manufacturing various types of Fiberglass Products.

Over the years the company's production facilities are expanded to two major departments.

In 2002, AKFG started Custom Built Products for industrial, commercial and

residential requirements. such as

Â
 ,Main Entrance Archway,
 Security guard cabin
 Generator Cover (Heat Resistant),
 Portable Toilets,
 Roofing Sheets,
 Parking Shades, Counters,
 Â FG Lining on Acid and Chemical Tanks Etc are some of them. In 2005, AKFG

started its second Division in Acrylic thermoforming. This process provide a wide

range of Bath tubs,

Â Shower Trays,

Octagonal Domes

Â Kitchen Sink

Water tanks

Garden sittings

Dustbins
