I am an individul. By the Grace of Almighty Allah I have succeeded in Composing Quran Pak in Inpage2000. Then I have formated it in Corel Draw 9 to remove the errors. This software can be useful for Printers and Publishers. Now I want that most of people get help from it. You can download it from site. If it fulfil your criteria/standard then it will be my pleasure. If you have any question regarding please write me know.
