Impac generators are the world renowned Diesel Engine generator sets in Pakistan ranging from 5 kVA to 1250 kVA. These diesel generators are powered by world class engines like Deutz, Perkins, Volvo, John Deere, Listerpetter and Lombardini coupled with Newage Stamford, Leroy Somers and Mecc Alte Alternators as OEM. All IMPAC generator sets are subjected to rigorous testing and evaluation. These reliable diesel generators are installed and running in different parts of Pakistan supplying power to Industrial and Residential sectors and telecommunication companies, luxury hotels and large hospitals.
