Kindly allow us to introduce our company, SEALAND LOGISTICS SOLUTIONS. As an international freight forwarding and Logistics Company, we are in a position to offer our customers a wide range of transport services. As a freight shipping company we establish partnerships with our clients, listening and observing so we understand your cargo transport needs before we recommend a logistics solution, whether it be air cargo, freight trucking, ocean transport, or a special heavy haul project combining several modes of transportation. When you next consider your arrangements for (Shipping / Logistics) I would welcome the opportunity to understand your requirements and situation.
