Since its inception in 1983, CAS has been a pioneer in the weighing industry of Korea. By offering a variety of products and dedicated customers service, CAS has established a strong market position and gained customers' steadfast trust. 'We Weigh the World' CAS continuously strives to achieve a 'Global CAS' status. We are now exporting our products to over 120 overseas countries worldwide. Based on a global network consisting of Russia, India, China, USA and Turkey, we actively established a local-focused marketing and sales strategy. Our business structure provides customers in all fields an access to experience our products and service. It is our main mission to maintain the beneficial partnership with our customers in all over the world.
