We are generator assembler in Pakistan. We assemble diesel operated generators ranging from 10 kva to 500 kva with Toyota, Ford, hino, perkins, cat, japanese engines and Chinese, English, german alternators and gas Generator from ranging 10 KVA to 150KVA. Our assembling technique is very reliable, enabling us to provide full after sale support. We also deal in New imported generators from UK and China ranging from 5 kva to 2000 kva. We also deal in sale / purchase of used generators ranging from 10 kva to 2000 kva for domestic and industrial needs. Our clientage market emerges from our continuous newspaper campaigns, email marketing and pr team. We invite Pakistan generator dealing parties to join team with us for promoting their gensets as well. Rabta in Lahore Pakistan 03218812315
