In CHINA we can assist you for the entire importing process and thereby gives you many advantages. We have developed our own database with more than 2000 qualified suppliers in China, based on hundreds of quality criteria. We audits the production process. A. Making a survey on products or suppliers which you need. B. Searching for supplier and send basic information of the supplier to you. C. Asking quotation from them and send you. D. Doing the initial visit to the supplier for you E. Arranging sample making. F. Arranging your visit to supplier. G. Quality inspection during or after the production. H. Arranging the shipment And all of that with an average 30% savings from supplier prices. For all these reasons, AMGC is the necessary partner for its clients in the development of their industrial projects.
