Commerce Aids and Equipment (Pvt) Ltd was established in the year 1982 and enjoys a respected name in the field of Audio Visual Equipments and Office Machines and relevant items with a value of excellence. CAE achieved an unprecedented growth in the last 20 years and has emerged as a leading Hi-tech trading company in Pakistan. Now after proving our excellence in the field of Audio Visual we are entering in to the world of Information Technology with a view to meet the industry demands, to serve our valued customers in the Computer field. OUR MISSION: Presently the application of Computer Technology with the help of all related Office Equipments in Pakistan is growing very rapidly. Our objective is to keep pace with the development in the technology by introducing the latest and state- of-the-art products and advanced concepts. We believe that each customer is a long term business partner and strive to meet their requirements swiftly and professionally.
