We are established company, having 10 years experience of working nationally and internationally with sound financial capability and import business contacts. We have a very modern rice mill in Pakistan, in Kamoke , a place that is known for its quality of soil for rice production, in rich fields of Punjab. Our production capacity is 5 tones per hour. The daily production capacity of our rice processing unit is 120 tones per day. We are the only company in Pakistan having the Indian machinery for the processing of rice .We have quality control department that is composed of highly qualified professionals, and they are known as rice experts. We are certified exporters of quality rice in Pakistan and strive our best for quality maintenance. Being a certified member of Rice Exporters Association of Pakistan, we are also suppliers to major international rice markets with our own labels. We are exporting our aromatic and super class basmati rice to more than 12 countries of the world inc
