We as architects has handled numerous architectural as well as interior design projects successfully since 2000 in individual as well as collaborate with other consultants both in the capacity of a design consultants as well as turn key architect. The list of projects handled is given below. Other than working as a consultant, I had also worked in the capacity of Visiting Lecturar in the Department of Architecture, University of Engineering and Technology in Lahore. The firm has done variety of projects including banks, offices, residences, school etc. The nature of projects varies from construction / renovation to detail interiors with furniture. The projects covering every aspect including architectural structural, electrical, wood work. plumbing, air conditioning, glass and steels work, furniture, LAN and other IT related aspects. Each project is handled with great sensitivity and creativity using latest architectural and engineering software, taking maximum advantage of site w
