Launched in 1990, Almuqeeet Corporation is committed to manufacturing and packaging superior quality manicure, pedicure, haircutting and grooming instruments. Our Trimmers, Clippers and Nippers, Tweezers, Pushers, Cleaners, Hair Dressing Scissors , Barber Shears and Razors are known in the international market for their functionality and durable design. Our dedicated craftsmen are trained to note the minutest details that might affect the quality of the product. Currently catering to a market that extends to Australia, UK, Germany, Cyprus, Norway, Sweden, Lithuania, Greece, Canada, and the US we are committed to providing our valued clients with long lasting products that meet the rising standards of the grooming and wholesale industry. It is to achieve this end that at Almuqeeet Corporation we use only Japanese stainless steel 420 J2 and 440 C in our manufacturing processes. Commonly referred to as ? FRISIA?, this product facilitates longer and more precise performance due to its ?on cl
