M/ s Amjad Brothers Zarai (Agriculture) Industries Faisalabad established first in 1978, and manufactured super fine Wheat Thresher and Gram thresher. In 1990, this organization M/ s Amjed Brothers Zarai (Agriculture) Industries manufactured Maize Sheller for the maize growing areas of the country. It helped the farmers to collect their crops in time and faster than ever. In views of some people that it was an almost revolutionary step taken by Amjed Brothers Zarai (Agriculture) Industries, in this particular field. In 1997, Seed Drill and Tube well pump for irrigation purposes were also manufactured by this organization. Seed Drill is one of the basic needs of any farmer while seeding any of crops anywhere in the country. The working efficiency of all the products is good and preferred by the farmers of Pakistan. The year 2002, the Farm Machinery Institute of Pakistan offered Mr. Amjed, with all helps like, Drawings, Brushers, and technical requirements regarding Rice Thresher for i
