

offer XCMG wheel loader ZL50G

Qingdao, China
Pakistan

Phone: 86+531+66592004

• Fully hydraulic powered steering with flow-amplified system. Pilot operated control for loader hydraulic system, power shift transmission makes convenient and flexible operating. • XCMG new Z-bar linkage, high breakout force, shorter hydraulic cycle time, automatic leveling on any position, and greater productivity. • Special quadrate type transmission shaft of construction machinery. Power transmission is more reliability. •
