

# Home Business Idea

---

Lahore, Punjab  
Pakistan

2. Do you have the time for running with the home business idea?: Here you need to determine the amount of time that you would need to devote to this home business idea. Since a lot of home business ideas are run (or at least started) as a part time job (and it does make a lot of sense to do that), you will need to check if your current job leaves you with enough time for running a home business as a part time job.
