

SAMI Pharmaceuticals Pvt Ltd

F-95, off Hub River Road, Sindh Industrial Trading Estate, Karachi, Karachi City,
Sindh, Pakistan
Karachi, Sindh
Pakistan

Phone: +92 21 32578081

For many years after the creation of Pakistan, the pharmaceutical industry in Pakistan was dominated by multinational companies (MNCs), resulting in the belief that only they could provide quality products. SAMI broke this belief - it developed branded generics of the best quality. SAMI embraces the challenge of defeating Pakistan burden of communicable and non-communicable diseases by selling products at prices that respect national resource constraints. We deliver products of a quality that matches the quality offered by the worlds leading pharmaceutical manufacturers. We constantly plan, implement, monitor and review our procedures to improve the quality of our materials, processes, equipment and human resources because we believe that quality reflected in the finished product has to be created from the very start. Our motto, SAMI Cares for Humanity, captures the spirit of our mission.
