Â Present world economic crises back stroked to the other well known leather companies, it also knocked to our business activities here.Â OnÂ theother hand it pushed forward suppliers to the seller and conversely both of us are moving to find the best solution to continue and to be present at marketplace. It is right time to have a look at our activities and find theÂ explanationsÂ for our further future business WeÂ Â welcomeÂ Leather Suppliers, Manufacturers, Producers and Exporters who are interested to promote their business to the EU markets.
