

32 SHRAY ALAMGIR, BRANTHER ROAD
Lahore, Punjab 54900
Pakistan

Â Our refractory products include fireclay bricks, high alumina bricks, silica bricks, fused alumina-zirconia bricks, and unshaped refractories (mortar, cast-able). Our insulating products include diatomaceous insulating bricks, clay insulating bricks, high alumina insulating bricks, mullite insulating bricks, silica insulating bricks, JIS series insulating bricks, calcium silicate insulating products... Our precision casting materials include calcined kaolinite sand (CKS), calcined kaolinite flour (CKF), mullite sand (MS), mullite flour (MF), ceramic beads. Our metallurgic auxiliary include fused calcium aluminate, calcined calcium aluminate, fused calcium silicate, fused calcium aluminofluoride. Our refractory bond include instant dissolved sodium silicate powder, sodium hexametaphosphate, calcium...
