Fiber Electronics (Pvt) Ltd is a Lahore based company which started its function in 2006. It is affiliated with Fiber Electronics LLC.USA, for technical collaboration and transfer of technology. Our fiber optic lab is one of the best equipped labs in the region. Fiber Electronics (Pvt) Ltd. is specialized in Fiber Optic Patch Cords, Pigtails, and Optical Jumper Termination Techniques, including Standard Optical Jumpers or Complex Hybrid Assemblies to serve a broad array of harsh environment applications. Our business is driven by working with customers to provide customized solutions for the right application or developing new solutions to fit the need.
