Lyra is a 58 years old leather and military and safety products company certified to ISO 9002. We are vertically integrated with an in-house tannery, which feeds high quality finished leathers to the garment and footwear units. Since 1999 Lyra has established the personal protection business (in close co-operation with Dupont USA) and is a major supplier of body armour (Kevlar) and fire-retardant clothing (NOMEX). A range of other products including bomb blankets, letter bomb containment bags, bomb disposal suits (EOD) is also produced. We also make the aviator flying coverall according to Mil specification (MIL-C-83141A).
