UK Based Software Company, Neosol provide custom software development, bespoke web application development, and various other computing/internet services on computers running platforms such as Microsoft Windows? for small business to large corporations. Although the services we provide are outlined on this site, due to the nature of personalised software development, it is impossible to list all we are capable of - we are positive we can help you, and would invite you to contact us to discuss your bespoke requirements. We have well-established relationships with many high-profile companies, and using their proven technologies, computers and support we are able to provide the ideal solution for your business. Our highly-skilled, reliable, and efficient team of designers, developers and programmers make our company the professional choice for your bespoke project. We Provide ERP Solutions, Customized Software Development and Website Designing.

Contact Person: Abdul Majid Samad  
Business Type: Private Limited
