The company was established with the name of 'AGECO' in 1980. In 1988 it was changed to AGECO (Pvt.) Ltd. We have completed 50 HVAC Projects in Government and Semi Government sectors all over the country. We are the Pioneers in Introducing Designing and manufacturing of Riskless and Energy Saving Central Heating System in Pakistan since 1997 under the brand name 'ECONOMIA' and to adopt same pattern of heating which has been used in Europe and other Countries in the world. We have since installed this system successfully more than 25000 Locations including Defense Offices, Hospitals, Commercial Buildings, Guest Houses, Hotels and Residences all over the country where ambient temp is up to (-)25 C and altitude up to 14000 ft. In 2004 we have introduced 'Central Air Conditioning' (Cooling/Heating) attachable with existing Central Heating System. We have added 'ECONOMIA' Clean Room HVAC System for Pharmaceuticals in January 2006 and Pre Fabricated Insulated D
