What is iRex? iRex is a very quick and smart recovery solution. just 20 seconds are enough to recover your system to the original position, such as it was installed or last updated iRex protects your computers from: * Any form of corruption *

Unwanted modification * Accidental or intentional damage to the hard drives *

Hacking * Viruses * System Error Deletion * Formatting * Tampering * Unwanted

software installation Key benefits: Maximum performance for your business with

minimum effort. Instant recovery puts you back in business and focused on your

priorities. Higher stability level and lower load on your network infrastructure, at a

reasonable cost. Return on investment at the first malfunction. Increases user

productivity and decreases operational costs Reduces number of service calls and

technical support requests. Minimum wasted man-hours configuring complex setups
