World Trade Net (pvt) Ltd. was established four years back by Mr. Nazar M. Chohan, an international businessman and Trade Lawyer having expertise / education from abroad. The basic purpose of establishing World Trade Net (pvt) was to bring in modern day trading business, innovations in terms of quality and delivery. With the emergence of WTO and acceleration of communication, trading in goods and services, became very professional and thrilling. We in World Trade Net work with various types of big and small trading houses, sharing all kinds of info pertaining to boosting of trade across the globe. We are very professional in our handling. Trust and efficiency are our two basic essentials towards achievement of our goals. We have a mix of various nationalities in our organization with young and budding, ieco Lee, serving as our Overseas Manager. We are proud to mention that our staff is a shareholder in our profits too, which keeps them motivated and committed. We look forward to go
