RIZI SPORTS INTERNATIONAL exists in the international market to serve its quality conscious valued customers by providing them with the premium quality products that conform customer needs and wants and the relevant International Standards as well. The success behind RIZI SPORTS INTERNATIONAL is that it believes to be a capital intensive company and it has been upgrading its technology day by day and improving its employee's skills by training, and regular re-evolution of its quality control and assurance system. Our vision is to become the leader and trendsetter in Sports industry. Our policy is to manufacture products which comply with the specifications established and agreed with our customers at a realistic and marketable cost, and to deliver them on time. In order to implement the policy, we are following a continuous programme of improvement, based on prevention rather than detection of faults. By the virtue of managements commitment and dedication, skill and expertise, innov
