and Air Filters for Tractors, Trucks, Transit Buses and Cars with the brand name of 'Lotus' and 'Diesel Power' for more than 06 years. Initially it was manufactured under Technical support of Lucas / Delphi Limited, a subsidiary of Delphi Automotive System UK. Delphi Automotive is a world leader in Filters and Automotive Parts manufacturing numerous factories all over the world. Diamond Enterprises is the Only Quality Filterand#39;s manufacturing unit in Pakistan, which is producing Filters as per CAV/ Lucas/ Delphi Standard with number of employees who have completed their manufacturing training under the consideration of CAV Engineers in 1999 when Lucas UK installed their Inam Elahi: own plant in Pakistan. We have our head office in Karachi and sales offices across the country to fulfill the genuine needs of ultimate customers. Our unit has the modern state of art facility and equipment for making Automotive Filters from raw lead purification into finished product. 'MAIN TASKS OF A L
