National Foods was founded in 1970 and started out as a Spice company. 3 decades later it has diversified into a versatile Food Company with over 110 products and 165 and above SKUs (Stock Keeping Unit) for the domestic market and over 100 different products for the international markets. The vision to see National Foods as a professionally managed Human Resource company, set more than 7 years ago, was realized by transforming a local company into a very dynamic and progressive management structure in line with industry practices. Competent Human Resources from within the company have fuelled tremendous growth by excelling in Functional Management. Even after 3 decades the company's focal point still remains on Customer's needs through Product development in line with the changing market trends. In this innovative age of ever changing lifestyles, fuelled by the rampant development of technology; consumers have been compelled to change their eating habits. National Foods
