E-MAIL MARKETING We, at Midway Marketing Services feel proud of our performance in Email Marketing Services. Marketing of any product / idea / services always need to look-out for innovative ways to reach their potential customers. Besides advertising companyand#39;s profile on the internet through website, Email advertising is very often used to reach-out for broader audience. Email can become a very potent tool for marketing if used judiciously. The idea behind using the word 'judiciously' is only due to fact that there is very thin line of differentiation between emailing and spamming. Users often spam unknowingly by sending unsolicited emails. Although in spite of this email is still considered as a very potent tool for marketing. There are many reasons for this coveted status allotted to 'Email Marketing' as it is relatively cheapest, fastest and more convenient than any other means. Email marketing is considered by the small companies as the 'boon come true' to compete themsel
