As manning and recruiting agents, our responsibilities include: Recruitment of officers and engineers as per our Principal's tailored needs to justify the trade pattern of their vessels. Verification of their ability, competence and service record from the fleet personal manager of their previously served companies. Ensuring that their certification, qualification, competency and training meets the requirements of latest STCW95 conventions and that they are fully qualified, certified, experienced and very well conversant in the position and rank they are hired. Verification of their certification from the Issuing Authorities before hiring all such new officers and as well as the old hands after obtaining any new certificate. Thorough medical examination including ECG, Ultrasound, Blood and Urine Analysis, Drug and Alcohol testing by an certified laboratory, recommended by the company medical officer. Ensuring that all officers must have all valid documents in their p
