We manufacture export quality Steel and Aluminum cookware. Along with quality; customer satisfaction is our top priority. Steel-made "Mortar and Pestle" is our main product. It is need of every kitchen, to revive the old tradition in modern time. It makes you feel good and close to nature. It is used in the kitchen to grind spices and other things. It can also be used for grinding herbal medicines. The whole process of making this product i.e. from the selection of raw material, casting, machining, and polishing we confirm quality at each step, that is why our product stands apart from others.
