Blue Town with Smart City Features and Canal Road access, is an LDA approved trailblazing project of BGC-IGC Consortium & Blue World City, which has introduced futuristic and smart features for a smarter and premium lifestyle.

After the success of the iconic Blue World City, Blue Town with Smart City Features is now going to be a first of its kind Tourist City in Lahore, that will offer world class tourist destinations like Burj-al-Arab, Water Theme Park, Blue Mosque (Replica) & Horse Mascots.

Breaking the existing course, the project seeks to redefine the community living experience by introducing smart features. The project is equipped with the latest technology that enables the residents to stay connected to all the smart home management and security features. The project offers Residential Plots of 3, 5, 8, 10 Marla & 1 Kanal and Commercial Plots of 3, 5 & 8 Marla.
